Foundation feedback on first term - really happy with how their children have settled in and it has helped with confidence	N/A	N/A	N/A
Year 1 PE going from 2 days per week to 1 day per week	Due to mixed classes and timetables & children having access to reception outdoor space more frequently during afternoons. Given amount they need to fit into timetable - they'd find it difficult to fit in another. would need to drop something else. still a high quality session with Matt. Children love having access to foundation space too. lots of games etc and new resources. lots of physical activity going on out there	No action - always under review	N/A
Children choosing/changing school meals	Recommend speak to class teacher and have direct conversation. Explain why they want that meal/background info. But on the whole, they can change it on the day	Parent forum to tell parents to speak directly to the class teacher to work together to help the child	All
New playground is a hit	N/A	N/A	N/A
Summary reminder emails really helpful	Good to know - will continue	N/A	N/A
Good transition from Mrs Slade to Mrs Howell	N/A	N/A	N/A
General feeling - high level of care given to each child	N/A	N/A	N/A
Any feedback on mixed classes?	School feel it's going well. Children seem happy & excited about being with different year groups. year 1s love taking on the model role and taking care. Foundation have settled in and year 1s modelling the behaviour. when they come together they love it. but great having core subjects separated.	PF to provide feedback to parents	All
When will we know the plan for next year?	Won't know until after the Estaer Holidays. Final numbers will be end of April. No planning can be done until confirmed numbers. Definitely before May half term	Parent forum to inform rough dates with parents	All
When is the outcome of the admissions consultation expected?	Goes direct to the Trust - SH to look into	SH to come back to us	SH
A view on RE lessons - so far seems to be focused on christianity	On website - whole page for RE and info is on there. Most schools do have a heavy focus on Christianity - but others are covered. Berkshire syllabus is being reviewed. Will be in place Sept 26.	PF to inform parents to look at the overview on the website	All
Plan to provide increased bike and scooter storage?	Yes there is a plan - but waiting for funding to come through. Loads of space out the front (not used for anything else). Still won't be loads, but more than there is at the moment	SH to update once funding is secured	SH

Security cameras	Don't have CCTV, a lot of Primary schools don't. More secondary - larger sites, more obscure areas. Not something the school have considered. Never felt it is something the school needs. Massive budget implication and admin. Not a burning need. But not to say it's something that's never been considered. Or could be brought in by the Government. Also no child leaves the site on their own and it is well controlled. There is a trust privacy policy that covers the images of children	N/A	N/A
Positive feedback on the soft start in the mornings	Really positive, especially for parents who have children in Westende too. Better for anxious children	N/A	N/A
